

Citizen Requests to VDOT
Delegate Albo's meeting on the Rolling Road Widening Project
Sept. 21, 2005

- **Analyze all intersections to determine if signals are warranted based on projected traffic, ability to turn safely out of neighborhoods, and other factors such as bus traffic**
- **Re-evaluate speed limit on Rolling Rd**
- **Consider crosswalks at intersections**
- **Consider interim improvements**
- **Work with community on plans for construction phase to ensure school children's safety—consider no detours through neighborhoods**
- **Left turn out of Kenwood Ave**
- **Consider additional signage and flashing beacons as an interim improvement**
- **Consider aesthetic treatment for retaining walls**
- **Consider impacts to travel for local property owners**
- **Consider future traffic resulting from the Parkway and Ft. Belvoir (+18,000)**
- **Consider how Rolling Rd residents can get out of driveways**
- **Look at the off-ramp from the Parkway to Rolling Rd (no yield area)**
- **Improve curves (sight distance, etc.)**
- **Add sidewalks (already in plans)**
- **Consider needs of local community based on age, etc.**
- **Underground utilities**
- **Consider weight limits on the road and improvements to reduce vibrations near homes**
- **Consider widening driveway aprons**
- **Consider multi-way stops as an interim solution**
- **Consider a school zone**
- **Consider additional stormwater management on the western side**
- **Look at the proper way to handle underground springs**
- **Synchronize traffic lights between Old Keene Mill Rd and the Parkway**
- **Look at the possibility of "service roads"**
- **Add streetlights**
- **Light and guardrail at Viola**
- **Hiddenbrook requests a light at Hunter Village**
- **Rhygate entrance concerns**
